GILA C. DOROSTKAR HONORED WITH FELLOWSHIP IN AMERICAN COLLEGE OF DENTISTS

Greenbrae, CA, October 11, 2010----Gila C. Dorostkar, DDS, PC, was honored on October 8, 2010 as a Fellow of the American College of Dentists in recognition of her leadership efforts in the field of dentistry at the college's annual meeting and convocation held at the Rosen Centre Hotel in Orlando, FL. The American College of Dentists is the oldest national honorary organization for dentists and was founded on August 20, 1920 in Boston. Membership in the American College of Dentists is by invitation only and there are over 7,400 Fellows, active and retired. Fellows are selected based upon their contributions to organized dentistry, oral health care, dental research, dental education, the profession, and society. Approximately 3.5% of dentists are Fellows of the American College of Dentists. The selection process for Fellowship utilizes a well established, confidential peer review system evaluating professional and community leadership positions, contributions, and credentials.

Dr. Dorostkar commented, "I am truly grateful to have been selected by my peers to receive this extraordinary honor and am proud to have been selected. I have long been an advocate for children's health and it's humbling to be recognized for efforts that are naturally a part of my personal and professional philosophy. I enjoy the privilege of working with wonderful staff, happy parents and animated pediatric patients. I am also fortunate to have the support of my family, which makes this distinction truly memorable."

Dr. Dorostkar is a Board Certified Pediatric Specialist who began practicing in Marin County in 1997 and is an advocate for children's health with leadership roles in the California Society of Pediatric Dentistry (CSPD) and the American Academy of Pediatric Dentistry (AAPD). Dr. Dorostkar also donates her expertise by treating children who might otherwise not have access to a Pediatric Specialist and supports numerous local school foundations and children's programs. The practice is also member of the Eco-Dentistry Association (EDA) and anticipates becoming a Charter-Certified GreenDOC™ dental office. The EDA's GreenDOC Dental Office Certification Program is the only green business certification designed specifically for dentistry. Additional information may be located at www.drddorostkar.com or by calling (858) 864-8536.
